

Virus Rowing Boats

TURBO II CLASSIC - rowing for exercise

Single / Polyethylene / Sliding Seat

Turbo II Classic is a stable open water and flat water rowing scull. The boat is ideal for novice rowers, easy to learn and to handle on/off the water. Experienced rowers will enjoy the Turbo II Classics performance in all waters. Durable UV treated Polyethylene allows for low maintenance. The Turbo II fits in any garage and can be car-topped like any small boat. The Turbo II classic is a perfect multi-user boat for club training, camps and rentals
